**Anonymous Donor Gives \$500,000
Towards the Completion of the
Kamberg Wellness Center**

Dreams Really Do Become Reality

What do we all need to motivate us? We all need goals, as goals give us direction. They put a powerful force into play. Some of The Glenridge's goals for 2021 include the commencement of the construction of the Northside Neighborhood; beginning the construction of the Kamberg Wellness Center; and the expansion of the Kilde Café and Theatre lobby, which includes the creation of the new art gallery. This year promises to bring some big changes to The Glenridge world.

What is truly significant about the start of 2021 is that an anonymous donor, believing in the dream of a one-of-a-kind Wellness Center on our property, has donated \$500,000 toward the completion of this facility. We are currently on track for raising 100% of the cost to construct and furnish this structure. When we reach that goal, the magic of the Kamberg Wellness Center is that it will be 100% Member inspired and funded.

As you know, last year, Member Tina Kamberg

Dreams Really Do Become Reality ...continued from page 1

donated \$2 million towards a dream that has long been envisioned by The Glenridge, which was to have its own Wellness Center. Not what we have now, but a true, state-of-the art, world class facility serving all our Members.

With its remarkable design and location, the Wellness Center will offer an expanded and enhanced rehabilitation complex complete with a model apartment to help transition Member patients back home, an expanded and enhanced Primary Care Clinic, a chapel near the Chaplain's office, educational/training rooms, offices for mental health, social services, and social meeting space for the Over 90 Club.

The Glenridge continues to expand its services to meet the spiritual, physical,

emotional, financial, mental and social needs of the community.

With the completion of the Kamberg Wellness Center, The Glenridge will accentuate the difference between the ordinary and the extraordinary, between the adequate and the exceptional, and between the mediocre and the superb. The Kamberg Wellness Center will touch us all. It will become the most important and impactful addition to our community since our opening 17 years ago.

Each day you have the opportunity to be happy, make a difference and live life to the fullest. Living at The Glenridge, you will be presented with lots of opportunities to utilize this Glenridge dream once it becomes a reality.

“A dream is an inspiring picture of the future that energizes your mind, will, and emotions, empowering you to do everything you can to achieve it.”

John C. Maxwell
